Tasting notes

As striking in its pale color as it is in its fullness of flavor, Bellula's sleek and sprightly qualities make it wildly refreshing. Inimitable Southern French aromas of wildflowers, wild red berries, and tea olive mingle with the peach, muskmelon, and thyme flavors on the light-bodied palate. It's a subtle wine that will nevertheless transport you to the South of France.

Enjoy by itself and with any light or spicy dishes. Serve at 45° F.
