Aging: 6-8 months in French Oak & stainless steel

Bottled: At the winery

Tasting notes

The Château Canteloup, located in the village of Saint Caprais de Bordeaux on the right bank of the Garonne River, spreads over 170 acres of vines and forest, an ideal site for sustainable farming. The Latorse family has always been at the forefront of innovation in new technology while maintaining a great sense of tradition in earth-friendly winemaking.

Winemakers David and Jacques Latorse handcrafted this wine which has a brilliant ruby color. The nose is marked by the flavor of small ripe red fruits, spices, and vanilla. A soft, harmonious, and balanced wine with serious intensity, it's real Bordeaux that's easy to love. Enjoy over the next five years with all your meals or by itself.
