NATHALIE COQUELLE

CICADA'S SONG

Cicada's Song Rose is a collaboration between JP Bourgeois and Ed Buffington, co-owner of The Community Tap in Greenville, South Carolina. The wine blend is produced by Château des Annibals.

The wine is the achievement of meticulous work, which required particular attention. From the choice of old vines for the wine balance to the close selection of the best juices, the entire team worked carefully to offer a fine wine that fits perfectly with the high-level standards of the winery.

Provençal folklore tells us that the cicada was sent from heaven to sing, waking people from their afternoon naps and signaling a return to work.

Our Cicada's Song is more impetuous. It emanates soulfully from your glass, inviting you to enjoy life through its Mediterranean lens - a lazy afternoon with friends, tasty fare, any and all things golden.

We believe wine should have a sense of place, and Cicada's Song is just that, as vinified by Nathalie and Henri DeWulf Coquelle.
