Tasting notes

Natural viticulturalist Bruno Oulie creates a classic yet approachable Madiran out of his 30+ year-old Tannat vines. While still a traditional inky black color, *Cuvée l'Originel* has bright red and purple flecks that give it a warming glow. Fragrant blueberries and blackberries dominate the intense nose, with shades of soft dark and brown spices. On the palate, it is round and rich with soft, velvety tannins that more deeply express the flavors carried on the nose. The finish is long, fruity, with soft spices and chocolate notes.

Pair with heartier dishes and cheeses.
