## Tasting notes

An anyway, anyhow, anywhere French Malbec to be enjoyed with anyone. Made by JP Bourgeois with Vianney Castan's winemaker, Florencia Stoppini, this blend of JP's very French style and Florencia's Argentinean influence is relentlessly fun and goes with anything you think needs red wine. Made by hand with sustainably-farmed grapes from the western Languedoc. The warm western Languedoc pumps up the juicy blackberries and earthy spice, Florencia's South American way with Malbec puts her lush and plush stamp on things, and all you have to do is twist it open.
