

NUMA CORNUT

Numa Cornut is a ninth-generation winemaker whose deep-rooted family tradition and modern approach to winemaking make his wines truly exceptional. After studying viticulture, oenology, and wine marketing, Numa honed his craft in some of the world's most renowned wine regions, including Bordeaux, Châteauneuf-du-Pape, Switzerland, and Australia. His passion for Burgundy, however, led him to focus on the iconic Cote de Beaune and Cote de Nuits, where he creates wines that embody both elegance and complexity. With only 3.5 hectares of meticulously cared-for vineyards, Numa's wines are a true expression of Burgundy's terroir—vibrant, pure, and with an unmistakable sense of place. By embracing sustainable practices, using minimal intervention in the cellar, and working with indigenous yeasts, Numa produces wines that offer a rare balance of tradition, innovation, and authenticity.

HERITAGE

Inspired by his parents
Influenced by his travels
Balances tradition with innovation
Crafts wines that authentically express their terroir while embracing modern techniques

TERROIR

Clay-limestone and marl soils promote structure, complexity, and optimal ripening
Cote de Beaune: minerality, red fruit, and freshness
Cote de Nuits: deeper fruit and tannic structure

PRACTICES

Sustainable viticulture, focus on ecological balance
Uses indigenous yeasts
Minimal new oak and no filtration to preserve the purity of the wine
3.5-hectare vineyard to produce terroir-driven wines
